HARLEY QUINN: BREAKING GLASS *TP*

written by **MARIKO TAMAKI**

art and cover by **STEVE PUGH**

With just five dollars and a knapsack to her name, 15-year-old Harleen Quinzel is sent to live in Gotham City. She's not worried, though–she's battled a lot of hard situations as a kid, and knows her determination and outspokenness will carry her through life in the most dangerous city in the world. And when Gotham's finest drag queen, Mama, takes her in, it seems like Harley has finally found a place to grow into her most "true true" with new best friend Ivy at Gotham High. But when Mama's drag cabaret becomes the next victim in the wave of gentrification that's taking over the neighborhood, Harley's fortune takes another turn.

Now Harleen is mad. In turning her anger into action, she is faced with two choices: join activist Ivy, who's campaigning to make the neighborhood a better place to live, or team up with her anarchist friend Joker, who plans to take down Gotham one corporation at a time.

From Eisner Award and Caldecott Honor-winning author Mariko Tamaki (*This One Summer*) and Eisner Award-nominated artist Steve Pugh comes a coming-of-age story about choices, consequences, and how a weird kid from Gotham goes about defining her world for herself.

THE BATMAN WHO LAUGHS #6

written by **SCOTT SNYDER**

art and cover by **JOCK**

variant cover by **JENNY FRISON**

True happiness begins in the heart. Our memories and emotions can play tricks on us, though, and divert one's reality into something completely different. The Batman Who Laughs has based his entire worldview on this very concept, and it is in this moment that he must finally confront the one man who stands in his way, the one man who could complete or halt his plan...the last Bruce Wayne. It is here, on the home turf of Wayne Manor, that Bruce relives the happiest moment of his life–the moment he became the Batman Who Laughs. Will Batman be able to outthink the Dark Multiverse version of himself and stop his most sinister end? Or will the original Dark Knight succumb fully and let go of his morality? While good almost always wins, this issue is the start of something more...setting up a larger plan based in the ultimate betrayal of infection, loyalty and true happiness. This is not the end...it's only the beginning.

The much-talked-about and always-topical take on the Wonder Twins continues from irreverent and witty writer Mark Russell and artist Stephen Byrne, who captures both the humor and the heart of the siblings, exiled to Earth and interning for the Justice League. A battle royal between minor-league heroes and villains ends in tragedy and a horrifying revelation, teaching the world the true price of not taking people seriously. Always-hopeful Zan and cynical Jayna confront how circumstance (more than intent) often determines who's labeled a hero or villain.

DC ENGINES OF CHAOS: BATMAN STATUE

designed by
RILEY ROSSMO

sculpted by
DAVID GIRAUD

Speed, villains and superheroes with a gritty and dystopian twist: DC'S ENGINES OF CHAOS–the latest statue line from DC Collectibles–is fast approaching.

After Ra's al Ghul succeeds in destroying society as we know it, a postapocalyptic world of motor vehicles and mayhem emerges. Heroes and villains cruise a barren wasteland on distinctly individualized bikes and vehicles as they fight for control in this new world. Based on the designs of renowned artist Riley Rossmo, each statue is a high-RPM reimagining of a beloved DC character uniquely optimized for this world; some figures have adapted to battle, others to survival.

If you think the end of the world is enough to stop Batman...you don't know the Dark Knight. Riding atop a custom bike complete with armored wheels and a bat-shaped grill, it's clear Batman isn't going to let a little apocalypse (or Joker bots) keep him from delivering justice. The statue is cast in polyresin, which allows for delightful details–like sand being kicked up from the force of the bike–to come through on the home product.

- Limited to 5,000 pieces and individually numbered
- Statue measures 6.8" tall
- Allocations may occur
- Final products may differ from images shown

DARK NIGHTS: METAL
BATMAN: THE RED DEATH STATUE

based on art by
GREG CAPULLO

sculpted by
DJORDJE DJOKOVIC

Rocking into our world from the pages of DARK NIGHTS: METAL comes the fastest and deadliest man in the Dark Multiverse–the Red Death! A menacing mash-up of Batman and the Flash, this Dark Knight came about when a once-noble Caped Crusader stole the Speed Force from the Flash, hoping to prevent tragedies in the past. This transfusion of heroes produces a sinister speedster with bats instead of lightning emanating from its body during velocity bursts.

The high-speed horror is cast in polyresin, allowing for rich details–like the cascade of Speed Force-summoned bats–to emerge in the final product.

- Limited to 5,000 pieces and individually numbered

- Allocations may occur
